VIDEO WORKOUT FOR BOTH PUREBRED AND PARTBRED LED CLASSES:

Led Foal at Foot and Weanling Classes

Remember the foal must be on the side of the dam closest to the video

The size of the area you use for the workout is entirely your choice.

Step 1.

1. From A walk to B
2. At B turn towards the camera and walk back to A.

Judge would like to see a nice free swinging walk with an overtrack.

Step 2.

1. At A turn away from the camera and trot to B.
2. At B turn towards the camera and trot to A.
3. Halt at A.

The judge would like to see a free flowing trot.

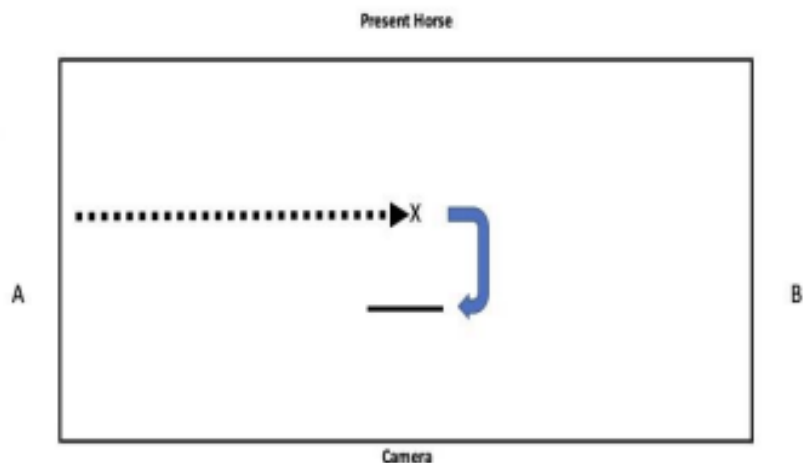

Step 3. Present Horse

1. At A turn horse way from camera (walk) and halt at X.
2. A X Turn horse around so nearside facing the camera and present to judge.

2. Video nearside, rear, offside and front of horse (with plenty of time for judge to view each aspect) before camera person returns to the horses nearside.

End of work out.

Filming your workout

Filming your workout The importance of the quality of your video cannot be understated. The video is what the judge uses to assess you and your horse so you need to try your best to present the best picture to the judge and it does not need to be hard or complicated. Here are some tips:

1. Don't leave it to the last moment. The chances are you will rush the whole process and the video and/or workout may not be as good as you intended.
2. Learn the workout. Knowing the workout will definitely make filming less stressful.
3. Your video must be filmed specifically for the 2022 AHAA Virtual Show. Do not use a video that is from another competition.
4. You can use your iPhone, iPad, video camera or Tablet to film your video. However, film in landscape NOT portrait!
5. Although you do not need an arena, choose an area that gives you plenty of space. You can set up markers using items such as witches hats.
6. Choose a flat area. Do not present your horse on a slope especially in the led classes. If your horse is facing downwards, it may look bum high and you will get the opposite effect if facing upward. Riding on uneven ground will also not demonstrate the horse's true movement and may place you at a disadvantage.
7. The video must not contain sound (including narrative or music).
8. Breed Class Ridden Classes, Dressage Classes and the Exhibition Class – Film your workout from C. Slightly to the left or right of C is ok if there is an obstacle at C such as mirrors and so on. Enter at A. Make sure the sun is behind you!!!!
9. Breed Class Led Classes – Please film from E or B depending on where the sun is. You can enter from A or C depending on the layout of your working area.
10. In the Mare and Foal classes make sure the foal is on the side of the dam facing the camera.
11. Hack/ Hunter Classes, Horse & Handler, Lunging and Fiesta classes - Use the videoing positions as outlined for the "Breed Led Classes" however use your area/space to match the workouts.
12. If using an indoor arena, make sure there is sufficient natural light and no shadows.
13. The person filming (or an assistant if you have one) must hold up a piece of paper in front of the filming device that states the class number, class name, year (the year of the show) and the horses name.
14. You can use the zoom functionality but be careful not to disadvantage your horse/rider/handler by zooming in too close or too far away.
